Introduction

This is the 2018 – 2021 Dixie County Community Health Improvement Plan (CHIP) 2019 annual report. This report details the efforts made by the Florida Department of Health in Dixie County (FDOH – DIXIE) and community partners. Community partners that were consulted during this review cycle were Meridian Behavioral Health (Meridian), University of Florida Institute of Food and Agricultural Sciences (IFAS), Dixie County School District, Dixie County Anti-Drug Coalition, Suwannee River AHEC, Cross City Rehab, and the Dixie County Emergency Services. The review consisted of discussion of previous goals, progress made, current activities, shortfalls and strategies as well as developing health issues throughout Dixie County. This process is carried through all of our CHIP meetings during the year. While the CHIP is a community driven and collectively owned health improvement plan, the Florida Department of Health in Dixie County is charged with providing administrative support, tracking and collecting data, and preparing the annual review report.

Overview of the Community Health Improvement Plan (CHIP)

In August of 2017, the Department of Health in Dixie County convened the Dixie County CHIP Work Group. The Work Group facilitated the CHIP process through using the National Association of City and County Health Official's Mobilizing for Action through Planning and Partnership (MAPP) strategic planning model. Subject matter experts from across a diverse group of partners conducted the four assessments suggested by the MAPP process. Individually, the assessment yielded in-depth analyses of factors and forces that impact population health. Taken together, the assessment findings contribute to a comprehensive view of health and quality of life in Dixie County.

The Work Group members reviewed the draft materials and then approved the CHIP goals, strategies and objectives. The Work Group set priorities through a consensus process by a series of exercises through SurveyMonkey. The Work Group reached consensus on two strategic issue areas: Access to Care and Chronic Disease Prevention. See Table below for Strategic Issue Areas with their goals, developed by a workgroup of subject matter experts.

STRATEGIC ISSUE AREA	GOAL
Health Protection	1. Foster healthy behaviors to improve health outcomes in Dixie County.
Access to Care	1. Link the residents of Dixie County to social and health services and resources available.
Health Care Resources	1. Improve the health care resources in Dixie County.

Summary of CHIP Annual Review Meeting

During the CHIP review process, members reviewed and discussed the current goals and objectives. These discussions included current measures and activities that satisfy these objectives. Some objectives were removed or updated based on availability, criteria change or more relevant objectives could be taken to satisfy our goal areas.

Strategic Issue Area #1: Health Protection

Protecting the health of the residents of Dixie County is a key priority for the Dixie CHIP Committee. Through our partners throughout Dixie County it was agreed upon to start the focus on local schools and build new objectives from there. The substance abuse problems that have plagued Dixie County as well as other parts of Florida has led to increase in drug related crimes.

When interviewing citizens and key stakeholders throughout the county one of the most identified areas that there is a need for improvement is school children. Through previous endeavors the Dixie County School District obtained bronze standard in the Florida Healthy School District Award. By improving services offered through the schools Dixie County Schools can become a silver or gold standard schools.

Goal: Foster healthy behaviors to improve health outcomes in Dixie County.

Strategy 1: Review current Healthy School District application and scorecard to identify areas of need. Meet with local school officials and partners to improve the scores and reapply for the Florida Healthy School District award.

Key Partners: Dixie County School District, Department of Health in Dixie County, Meridian Behavioral Health.

Why this is important to our community:					
The health of our youth is one of the main priorities in our county. Healthy behaviors start at the local schools and continue as our youth graduates and becomes our future leaders.					
Objective	Indicator	Current Level	Target	Status	Explanation of Status*
Objectives listed in the CHIP	**this is the space for the indicator used to measure performance/success**	**current value of the indicator as of last reporting**	**Target value set within the CHIP**	** (See box below for explanation)**	**An explanation of the status given (This information may be available in your quarterly reporting tool)

By April 30, 2019, assist the Dixie County School District in applying for the Healthy School District silver standing (advance from bronze standing).	The Dixie County School District application to Florida Healthy Schools.	Silver	Silver		The Dixie County School District has been awarded silver status.
By November 30, 2018, research and prepare to submit a grant application to institute a judicial drug court in Dixie County. Currently there is not a judicial drug court in Dixie County.	Meetings held with local stakeholders to implement a drug court program for Dixie County.	1	2		The Dixie County CHIP meeting has conducted one local meeting to start the process of applying to develop a drug court. This goal will continue to be worked upon in collaboration with the Opioid Consortium as long as resources are available. This indicator will be moved to be completed by April 2021.

Strategic Issue Area #2: Healthcare Resources

Although health insurance and access to health care do not necessarily prevent illness, early intervention and long term management resources can help to maintain a quality of life and minimize premature death. Access to resources can prevent the need to utilize the already strained healthcare system in Dixie County.

When interviewing citizens and key stakeholders throughout the county one of the most identified areas that there is a need for improvement is Oral Health and Mental Health.

Goal: Improve the health care resources in Dixie County.

Strategy 1: Develop programs to provide Oral and Mental Health Education to the residents of Dixie County.

Key Partners: DOH – Dixie County, Dixie County Anti-Drug Coalition, Dixie County Rotary, Dixie County IFAS, Meridian Behavioral Health.

Why this is important to our community:					
An explanation of why this is important to the community should go here (in narrative form)					
Objective	Indicator	Current Level	Target	Status	Explanation of Status

By June 30, 2019, increase mental health first aid classes / outreach for youth and adults by 15 classes.	Number of mental health first aid classes offered in Dixie County.	8	15		Meridian Behavioral Health has provided 8 Mental Health First Aid trainings in Dixie County.
By October 31, 2018, offer a dental prevention education program for K-2 students through visits to the schools by the CHD tooth fairy and the distribution of dental kits.	Number of dental prevention education programs offered in Dixie County.	1	1		UF IFAS along with local rotaries have provided education and dental kits to kids K-2 in Dixie County.

Strategic Issue Area #3: Access to Care

Although health insurance and access to health care do not necessarily prevent illness, early intervention and long term management resources can help to maintain a quality of life and minimize premature death. Access to care is one of the top priorities in Dixie County. The closest hospital is 52 miles and there are limited resources in Dixie County.

When interviewing citizens and key stakeholders throughout the county one of the most identified areas that there is a need for improvement is access to resources offered in Dixie County. Dixie County has local resources available but many citizens and organizations are not aware of these services.

Goal: Link the residents of Dixie County to social and health services and resources available.

Strategy 1: Identify, document, and educate local organizations and residents on the available resources in Dixie County.

Key Partners: DOH – Dixie County, Dixie County Anti-Drug Coalition, WellFLorida Council.

Why this is important to our community:					
An explanation of why this is important to the community should go here (in narrative form)					
Objective	Indicator	Current Level	Target	Status	Explanation of Status

By March 31 2019, release a community resource inventory.	Number of resource inventories released.	0	1		Rough draft of the inventory is produced.
---	--	---	---	---	---

* Status indicators are as follows:

-  = Little to no movement towards objective target
-  = some progress towards meeting the objective target
-  = reached or surpassed objective target

Revisions

The following objectives and action steps will be followed for the 2020 year as voted on by our CHIP members.

Goal 1 – Foster healthy behaviors to improve health outcomes in Dixie County.				
Objectives	Strategy	Action Steps / Performance Measures	Possible Policy Changes Needed	Key Partners and Resources
1.1 – By April 30, 2019, assist the Dixie County School District in applying for the Healthy School District silver standing (advance from bronze standing). - (Completed achieved Silver)	1.1.1 – Review current Healthy School District application and scorecard to identify areas of need.	<ol style="list-style-type: none"> 1. Obtain a copy of the current application and scorecard. 2. Highlight areas in which Dixie County Schools can improve. 3. Assess where members of the CHIP committee can assist to improve scores. 	<ul style="list-style-type: none"> • None 	<ul style="list-style-type: none"> • Florida Healthy School District • Dixie County Schools • Meridian Behavioral Health • Dixie County Anti-Drug Coalition • FDOH–Dixie County • UF–IFAS Extension Office
	1.1.2 – Meet with local school board employees to propose areas in which the Dixie CHIP committee could help Dixie County Schools become a Healthy School District silver awardee.	<ol style="list-style-type: none"> 1. Prepare a presentation to provide an outline to silver status. 2. Identify key decision makers at the Dixie County School District. 3. Provide presentation to the identified key decision makers. 	<ul style="list-style-type: none"> • Changes to how Dixie County School District handles mental health education/counseling. • Changes in curriculum and workforce structure could improve scores. 	<ul style="list-style-type: none"> • Florida Healthy School District • Dixie County Schools • Meridian Behavioral Health • Dixie County Anti-Drug Coalition • FDOH–Dixie County • UF–IFAS Extension Office
1.2 – By April 30, 2021, increase the number of grant applications to institute a judicial drug court in Dixie County from 0	1.2.1 – Meet with neighboring counties to discuss the necessary steps to apply for a judicial drug court.	<ol style="list-style-type: none"> 1. Meet with Citrus County officials learn how they applied for the drug court. 	<ul style="list-style-type: none"> • None 	<ul style="list-style-type: none"> • Meridian Behavioral Health • Dixie County Anti-Drug Coalition • Citrus County Board of County Commissioners • Florida Department of Children and Families

to 1.	1.2.2 – Meet with Dixie County judge to present the steps to apply.	<ol style="list-style-type: none"> 1. Provide details from the meeting with Citrus County. 2. Receive support from the county judge. 	<ul style="list-style-type: none"> • None 	<ul style="list-style-type: none"> • Meridian Behavioral Health • Dixie County Anti-Drug Coalition • Florida Department of Children and Families • Dixie County Judge
	1.2.3 – Assist the Dixie County Board of County Commissioners in applying for the judicial drug court.	<ol style="list-style-type: none"> 1. Meet with the Dixie County Board of County Commissioners and ask for the approval to apply. 	<ul style="list-style-type: none"> • Dixie County Board of County Commissioners in conjunction with the judge must approve and apply for the drug court. 	<ul style="list-style-type: none"> • Meridian Behavioral Health • Dixie County Anti-Drug Coalition • Florida Department of Children and Families • Dixie County Judge
1.3 – By May 31, 2020, increase the number of local organizations that participate in Every Kid Health Week from 1 to 4.	1.3.1 – Coordinate with local organizations regarding services they can provide during Every Kid Health Week.	<ol style="list-style-type: none"> 1. Conduct planning meeting with local organizations. 	<ul style="list-style-type: none"> • None 	<ul style="list-style-type: none"> • Dixie County Tobacco Free Partnership/QuitDoc • Dixie County Schools • Meridian Behavioral Health • Dixie County Anti-Drug Coalition • FDOH–Dixie County • UF–IFAS Extension Office
	1.3.2 – Meet with school district regarding scheduling a day for the activity.	<ol style="list-style-type: none"> 1. Meet with school officials. 	<ul style="list-style-type: none"> • Class scheduling within the school district. 	<ul style="list-style-type: none"> • Dixie County Schools • DOH Dixie
1.4 – Through December 31, 2021, increase the percentage of mothers who initiate breastfeeding in Dixie County by 1%, from (71.4%).	1.4.1 – Provide Certified Lactation Counseling to residents of Dixie County.	<ol style="list-style-type: none"> 1. Have an employee of the Dixie County Health Department become CLC certified. 2. Partner with local pediatricians and daycares to offer CLC services. 3. Provide CLC support and classes in Dixie County. 	<ul style="list-style-type: none"> • None 	<ul style="list-style-type: none"> • Local doctors' offices • FDOH – Dixie County • Local daycares • Local Pregnancy Centers

	1.4.2 – Continue to support the Breast Pump Lending Program offered by FDOH – Dixie County.	<ol style="list-style-type: none"> Promote program to women who recently gave birth trying to return to work. Coordinate breast pumps lending program with local organizations. 	<ul style="list-style-type: none"> None 	<ul style="list-style-type: none"> FDOH – Dixie Healthy Start Healthy Families Local Pregnancy Centers
--	---	---	--	--

Goal 2 – Link the residents of Dixie County to social and health services and resources available.				
Objectives	Strategy	Action Steps / Performance Measures	Possible Policy Changes Needed	Key Partners and Resources
2.1 – By March 31, 2019, increase a community resource inventory from 0 to 1.	2.1.1 – Identify a method for collection of community resources.	<ol style="list-style-type: none"> Develop a resource inventory tool. Develop scope of work for the recruitment of a volunteer to conduct the resource inventory. Recruit a volunteer to collect resource information from community organizations. 	<ul style="list-style-type: none"> None 	<ul style="list-style-type: none"> WellFlorida Council Dixie County Anti-Drug Coalition FDOH–Dixie County Tri-County Resource Center UF College of Public Health
	2.1.2 – Collect resource information from organizations that provides services for Dixie County residents.	<ol style="list-style-type: none"> Create a list of organizations that provide services to Dixie County residents. Contact all organizations to poll their services provided. Compile data for distribution. 	<ul style="list-style-type: none"> None 	<ul style="list-style-type: none"> WellFlorida Council Dixie County Anti-Drug Coalition FDOH–Dixie County Tri-County Resource Center Dixie County Chamber of Commerce Elder Options North Florida Cancer Collaborative

				<ul style="list-style-type: none"> • UF College of Public Health
	2.1.3 – Develop a method for distribution of resource inventory.	<ol style="list-style-type: none"> 1. Create a document of community resources. 2. Identify avenues for distributing resource inventory to local organizations and residents. 	<ul style="list-style-type: none"> • None 	<ul style="list-style-type: none"> • WellFlorida Council • Dixie County Anti-Drug Coalition • FDOH–Dixie County • Tri-County Resource Center • Dixie County Chamber of Commerce

Goal 3 – Improve the health care resources in Dixie County.				
Objectives	Strategy	Action Steps / Performance Measures	Possible Policy Changes Needed	Key Partners and Resources
3.1 - By June 30, 2019, increase Mental Health First Aid classes/ outreach for youth and adults from 2 to 15 classes.	3.1.1 – Receive baseline data of past Mental Health First Aid classes offered in Dixie County.	<ol style="list-style-type: none"> 1. Contact Mental Health First Aid USA for historical data. 	<ul style="list-style-type: none"> • None 	<ul style="list-style-type: none"> • Meridian Behavioral Health • Dixie County Anti-Drug Coalition • Mental Health First Aid USA • FDOH–Dixie County
	3.1.2 – Promote Mental Health First Aid classes to residents and organizations in Dixie County.	<ol style="list-style-type: none"> 1. Meet with local organization leaders. 2. Promote Mental Health First Aid to residents. 3. Schedule classes 	<ul style="list-style-type: none"> • None 	<ul style="list-style-type: none"> • Dixie County Schools • Meridian Behavioral Health • Dixie County Anti-Drug Coalition • FDOH–Dixie County • UF–IFAS Extension Office • Dixie County Sheriff's Office

				<ul style="list-style-type: none"> • Cross City Police Department
<p>3.2 – By October 31, 2018, increase the number of dental prevention education programs for K-2 students through visits to the schools by the CHD tooth fairy and the distribution of dental kits from 0 to 1.</p>	<p>3.2.1 – Secure funding for dental kits.</p>	<ol style="list-style-type: none"> 1. Present concept of dental outreach to local Rotary clubs. 2. Meet with local school officials on the number of K–2 students there are in Dixie County. 3. Quote dental kits from retailers. 4. Order dental kits. 	<ul style="list-style-type: none"> • None 	<ul style="list-style-type: none"> • UF-IFAS Extension Office • FDOH–Dixie County • Dixie County Rotary Club • UF College of Dentistry – Henry Schein • Dixie County Schools
	<p>3.2.2 – Provide oral health education and dental kits to K–2 students in Dixie County.</p>	<ol style="list-style-type: none"> 1. Schedule educational programs within the local schools. 	<ul style="list-style-type: none"> • None 	<ul style="list-style-type: none"> • UF-IFAS Extension Office • FDOH–Dixie County • Dixie County Rotary Club • UF College of Dentistry – Henry Schein • Dixie County Schools

Accomplishments

Goal	Objective	Accomplishment
<p>1. Improve the health care resources in Dixie County.</p>	<p>3.2 By October 31, 2018, offer a dental prevention education program for K-2 students through visits to the schools by the CHD tooth fairy and the distribution of dental kits.</p>	<p>Dixie County IFAS along with the local Rotary clubs were able to secure funding and provide education and dental kits to all K-2 graders in Dixie County. Dental outreach has continued through the 2019 year.</p>
<p>How it's important for our community: Oral Health in Dixie County has been recognized through indicators and surveys to be lacking. By teaching the K-2 graders and providing them resources to keep their oral health in better standing should lead to better indicators in Dixie County.</p>		
<p>2. Link the residents of Dixie County to social and health services and resources available.</p>	<p>2.1 – By March 31 2019, release a community resource inventory.</p>	<p>In partnership with the WellFlorida Council the rough draft of the local resource inventory is completed.</p>
<p>How it's important for our community: By providing local organizations and our residents the local resources offered to them will create a more efficient support system for the residents in Dixie County.</p>		

Conclusion

The Dixie County CHIP serves as a roadmap for a continuous health improvement process for the local public health system by providing a framework for the chosen strategic issue areas. It is not intended to be an exhaustive and static document. We will continue to evaluate progress on an ongoing basis through quarterly CHIP implementation reports and quarterly discussion by community partners. We will conduct annual reviews and revisions based on input from partners and create CHIP annual reports each year by October 31st. The Dixie County CHIP will continue to change and evolve over time as new information and insight emerge at the local, state and national levels.

There has been progress made towards youth physical activity, mental health, infant health, and substance abuse through previous initiatives. By continual partnership with community organizations, citizens and governmental entities, the initiatives that we put forward can have a significant impact on the community's health, improving where we live, work and play and realize the vision of a healthier Dixie County.

Appendices

- 1. Email for the March 2020 CHIP Meeting. No face-to-face meeting due to travel restrictions.**
- 2. Comprehensive List of Community Partners**

Good Afternoon All,

I hope this email finds everyone well. I know everyone is busy during this time but I wanted to send out this quarter's Community Health Improvement Planning update. Thanks to everyone who has reached out. As always feel free to reach out to me if needed. I have two attachments for the CHIP plan, the revised CHIP plan and the progress report, for your review. If you have any questions feel free to reach out to me.

I have attached the Rural Substance Abuse and Mental Health Summit flyer and vendor registration that is scheduled for May 14th at the Mount Carmel Baptist Church in Gainesville.

There is also a Dixie, Gilchrist and Levy tear off poster for the Quit Your Way cessation classes provided by Suwannee River AHEC.

Everyone stay safe and for updated COVID-19 information you can visit <http://www.floridahealth.gov/>.

Subject: ****Cancelled**** Dixie CHIP Meeting 3/26/2020

Good Morning All,

Hope everyone's week is going well. In light of the travel and meeting restrictions that our local partners have we will not have a in person meeting next Thursday. I will instead develop an electronic version that I will email out next week. If anyone would like to include their organizational update please email it to me by Monday March 23rd. Thanks everyone and stay safe.

Subject: 9/24 Dixie CHIP Meeting

Importance: High

Dixie community partners,

Attached is the agenda for tomorrow's Dixie Community Health Improvement Planning (CHIP) Meeting, 10:00-12:00, at the Dixie County Health Department. The minutes of our last meeting are also attached, for your review.

Thanks,

C. Diane Hare

Administrative Assistant II
Florida Department of Health in Dixie/Gilchrist/Levy Counties

Cynthia.Hare@flhealth.gov

Mission: To protect, promote & improve the health of all people in Florida through integrated state, county, & community efforts.

Vision: To be the **Healthiest State** in the Nation

Values: (ICARE)—Innovation, Collaboration, Accountability, Responsiveness, Excellence

Please note: Florida has a very broad public records law. Most written communications to or from state officials regarding state business are public records available to the public and media upon request. Your email communications may therefore be subject to public disclosure.
