

15:02:29 Yeah, i'm i'm drew one of the interpreters. I'm just trying to figure out how I will listen.

15:02:36 Okay, Well, you can listen. Probably on zoom if you're not tied into the phone.

15:02:43 Call you'll just be hearing it secondary through her speaker phone

15:02:53 Since everyone since droop, since everyone is set up to be on the phone call is where I'm staying, you know, without trying to start the whole process over. Angela uses speaker phone on her part.

15:03:05 We hear it on zoom so anyone like myself who's not on the call and liche not on the call, and you're not on the call.

15:03:12 We'll hear it. Okay, Thanks. and then, it looks like someone is initiated.

15:03:23 Transcripts

15:03:29 And we are videotaping the whole thing. Okay, let me put my speaker my headset up there and see if you guys can hear.

15:03:36 Okay, and then, i'll shut up

15:03:45 Alright, How's that? we need someone to be talking on the and everybody here.

15:03:54 I can hear you Andrew, am I supposed to I can hear you Okay, So i'm on zoom, and i'm and I call this.

15:04:06 So I'm using the phone and our audio has joined the conference.

15:04:09 That's what i'm doing right yeah that's what I was gonna do.

15:04:12 But I can't alright as long as everybody can hear everybody

15:04:21 Can I karen I can't hear you to me Okay.

15:04:30 Ng: I can just barely hear you. I can barely hear you either

15:05:35 Okay, let me Jennifer go ahead and well, Drew and I'm gonna send last me out to rescue you.

15:05:48 But you might need to print Ted set or something what i'm gonna do is break away.

15:05:54 I'm gonna try to call in because i'm i'm in a cube.

15:05:58 So I have to move to the conference room I'm gonna try to call in and then join this way, too. so i'll see in a moment.

15:07:35 Okay.

15:07:36 Hello! Hello! hello! I can hear you when I put my ad set on but I don't think they can hear you on the conference.

15:07:41 Call.

15:07:46 Why are we using conference call line? If Zoom has everything?

15:07:51 Zoom has text voice and while zoom has the picture voice and the caption. so we don't. Why are we using conference line?

15:08:02 I don't understand it's up to you guys if you want to use the conference.

15:08:07 Call just some people may not be able to come in and might be able to not be able to talk So it's up to you guys

15:08:20 Maybe if somebody can mind a joke, the conflicts line beyond the conflict line and listen in.

15:08:28 And if somebody comes in and says something that we can you know that'd be a great idea.

15:08:35 Zoom is, you know, has everything that'd be a great idea how many?

15:08:41 Let me run this by sean

15:09:08 Captions. Okay.

15:09:11 Captions. you can see each other monitor conference like you. Oh, someone's here Message: I don't know.

15:09:31 Oh, i'm gonna go ahead and monitor the call line

15:09:37 I'm gonna let everybody know that this meeting is gonna be recorded.  
15:09:40 So i'm gonna start recording Now, okay.  
15:09:46 To begin recording this conference  
15:09:53 Will now be recorded. Okay.  
15:10:04 On mute yourself. can you hear me? Yeah, unmute yourself?  
15:10:17 I know what a pain right? Hi! I know yeah to be quote.  
15:10:29 I don't know if you connected to the conflicts line Karen, are you  
15:10:37 Karen is connected to the conference line so that's not interfering with your ability to hear and here right?  
15:10:48 No, I can hear both, too. So yeah.  
15:11:01 So if everyone can hear and see the captions, maybe we should just move forward.  
15:11:09 Sounds good. Well, i'm gonna let go on and make that call Okay, cool.  
15:11:30 We just have the 3 members here on zoom so we've got I can't see Jj.  
15:11:39 I think there's 4 here. but I just I guess i'll just have to rely on the interpreters as far as the the conference line.  
15:11:51 I know cindy said she couldn't come Mary said she might come, but i'm guessing not at this point, Mary, are you there?  
15:12:03 Who is liche, Lewis. Okay, are you on the zoom link, too?  
15:12:11 Okay, Can you join Zoom  
15:12:18 Mary's gonna join zoom  
15:12:24 Oh av text, Okay, thank you for qualifying. And you said Mary is going to join in just a moment.  
15:12:43 John, are you there?  
15:12:43 John, are you there?  
15:12:48 Everyone, call  
15:12:54 Did you guys hear, John? I can hear you, John. Is anybody here, John?  
15:13:01 I can hear John  
15:13:05 Hello, Mary. Okay. Everyone, Angie. Yes, Patrick here.  
15:13:15 Anyone on the conference line. Just ask the to speak slower because they're going through multiple mediums anybody on the conference call.  
15:13:27 Please speak slower, because it's going through different channels and stuff.  
15:13:31 So just speak a little slower. Okay.  
15:13:43 I have 2 or 3 on the conference call glory.  
15:13:50 Can you load your camera a little bit so we can see your hands fully  
15:14:11 Using the interpreter. Okay, Aaron: Okay.  
15:14:25 Okay, we're ready to start so Who's the host this is Glenn, speaking, Patrick.  
15:14:39 Yeah, can you show the report on the screen I don't have a report I can.  
15:14:48 I can authorize sharing a screen, though.  
15:14:57 Karen Karen, you can go ahead  
15:15:09 Yeah, Andy, Do we have a way that we can share on the zoom screen?  
15:15:17 People on the screen that'd be for Patrick Patrick you can share the document on Zoom.  
15:15:26 Can you do that? This is Glenn? and then Jj.  
15:15:28 And Mary. I think I had already forwarded them a copy, so they can look at that on their own  
15:15:35 So I guess we need to make someone a co-host. As far as sharing the document and anyone can share a document, they, I will just enable it.  
15:15:47 So if Glenna has a report on her computer and can open it up and hit the share button on her zoom, menu maybe good to go  
15:16:00 Okay, let me see if that's something I can actually do  
15:16:07 No, you should be able to have it as a window  
15:16:17 Let's give it a try  
15:16:25 Okay, I'm trying to figure out how to share this is Lena  
15:16:33 Daniel do you Have you have the image?  
15:16:35 Yep, I have it. You talk about your article right.  
15:16:44 If you can text it to me, I can pop it up.  
15:16:48 Give me just 1Â s here. i'll give it to you  
15:16:54 Okay.  
15:16:59 Can we continue your conversation while we get this going

15:17:18 Okay, So i've already looked over the notes and everything that needs to be fixed with a report. it says it's an edit.

15:17:25 Only there you go. I just sent it and I haven't had time to make the changes to everything.

15:17:32 We actually need to get those sent over to the the printer.

15:17:35 Now, and get those ready at least by the end of January.

15:17:43 For the Legislature and the other people who need to get a copy of it before we actually come in February for the visit.

15:17:49 On the ninth of February. So right now we need to focus on, you know, doing the editing and choice words, you know, making better choices as far as words that need to be supplemented to either make it clear or or whatever the case may

15:18:03 be so. we need to edit, only we do not need to make changes.

15:18:08 Just edit

15:18:14 Andrew, did you send that text? I sent it email.

15:18:21 Okay, it'll take a little bit

15:18:30 And you text it. How do I text it from my computer?

15:18:36 I can try to share my screen. You want me to share and see if I could share it.

15:18:42 Share your screen, host to stable participants screen sharing.

15:18:48 I need you to lana's talking we'll have control.

15:18:55 Yeah, there's this is there any way. that we can show the screen and and talk about those change that need to be made cause past. I don't think that's something Patrick can do so

15:19:13 See Karen's able to work during the meeting and make those changes.

15:19:16 So, Karen, is that something that you mind actually doing you know while we're actually talking about this, you can kinda just go ahead and make those changes

15:19:30 She says, hold.

15:19:34 Yeah, cause going on hopefully. 1Â s i'm sorry bye

15:19:50 Can anybody hear me? I can hear you. Angie can hear me.

15:19:57 Are you on? i'm just using zoom? She's just using zoom.

15:20:03 Are you on zoom karen zoom but I it's gonna give you careful feedback that you vote

15:20:13 I'm not hearing sure we're a good phone so Let me see how bad it'll be.

15:20:23 I'll listen

15:20:30 Okay, what about now? Can you hear me but then I can't hear you?

15:20:36 Because you're muted on your phone

15:20:47 Okay.

15:20:51 Did you fix that, Patrick to where I can share the screen?

15:20:55 Now

15:21:00 Are you sharing it. I'm trying to it tells me it's disabled host to stable participant screen sharing.

15:21:08 Okay, i'm looking

15:21:26 Yeah, I don't see where to share it either I I can see the saying.

15:21:30 It just tells me I can't do it so and I can't see that I'm not it doesn't give me the option for you to the report. don't think you can saw your Well, .

15:21:53 Oh, okay, try it now. Sorry. Took so long.

15:22:02 Say it again I can see you. Yes, yes, there you go.

15:22:07 Can you guys see it? I was gonna ask you if you could maybe share your document that you have or share the screen. Yeah.

15:22:18 And then button. Oh, I do have a button, while we're actually talking about making changes.

15:22:26 Can you type those up simultaneously as we go along?

15:22:28 Is that something that you could do

15:22:36 I got it up on the screen. Can you guys see it at all?

15:22:42 This is the interpreter. I don't see anything on the screen being shared.

15:22:48 You see anything you're not sharing yet Oh, you saw it.

15:22:54 Okay, give me 1Â s. There you go. You see it now.

15:23:02 Alright hold on a second I just wanna make sure everybody can see me oops it.

15:23:16 It I don't know hold on I don't know where it went

15:23:28 There we go! you're gonna have to raise the f karen What do you mean?

15:23:35 Raise the font zoom in zoom in on the back end.  
15:23:43 Okay, i'll have to use terms that someone in her late late late late twenties can understand raising 5.  
15:23:55 Go out the way down to the there. you go Okay, can you move it over just a little bit.  
15:24:07 Yeah, sure. y'all want me to do this hold on I gotta move that thing out of the way.  
15:24:16 Why is it not going over right There it is, I think.  
15:24:27 Not without losing some of it Let me go back How's that?  
15:24:31 Said, Okay.  
15:24:40 Okay, I can type. I guess it's fine I lost Glenn somehow, Miss Pictures. Hmm.  
15:24:52 I'm there that i'm gonna go with the interpreter, anyway.  
15:24:56 So tell me what you want me to type  
15:25:07 Or can you see me? Can anyone see the interpreter?  
15:25:13 I can see the interpreter Jennifer.  
15:25:16 Okay. Corey can see me, can you? You can. Okay. Good.  
15:25:22 What did you just send Angela? Okay, So our this is gonna Are we ready?  
15:25:28 An article from Mary. Okay.  
15:25:39 Yeah, ready for me to start typing  
15:25:48 Huh! Are you ready?  
15:26:02 While you  
15:26:10 Yes, they share the screen. Yes, he drinks way down  
15:26:25 Let me hi There.  
15:26:39 Now just a second I'm not seeing her very well she needed to step away.  
15:26:45 Okay, and then we'll get to the edit work  
15:26:59 We'll go through it paragraph by paragraph one is saying.  
15:27:09 And drew just to let you know I have her hand and I can't see anything else.  
15:27:14 My cat decided to jump on the table here. Okay.  
15:27:34 These cats. Okay, this is going to speaking. Mary just sent an email with her edits.  
15:27:44 So what do you want to do? I guess we can go through the document Paragraph by paragraph.  
15:27:51 We'll look at each paragraph and we'll check the wording, and simultaneously. we'll look at Mary's suggestions as well, and decide what we want to change or what we want to leave the same  
15:28:06 do any of you have any comments on the first paragraph?  
15:28:13 What's the introduction? any comments on the first paragraph?  
15:28:22 I like mayor this karen I like mary's edit.  
15:28:28 I like it a lot  
15:28:37 And can you guys see the edit? I have a question.  
15:28:40 Can you guys see me pop up the edits  
15:28:46 Okay, So Glenn is pulling up Mary's edits?  
15:28:49 What are you guys looking at right now from my screen  
15:28:56 I see glenn's article do you see the blue lines for the edits.  
15:29:05 Okay, that this is Mary's edits. then, Oh, okay this is Mary's that it's okay.  
15:29:24 Okay, because of the  
15:29:30 Okay, Glenn is referring to something the sentence prior to that.  
15:29:34 But interpreter Didn't catch that because there's too much cross talk, 4, 1, 3 point, 2 7 one Florida statute of the Florida coordinating council for the deaf and hard of hearing Fcc  
15:29:50 dh.  
15:29:55 Applies to the Department of Health. F. Ccdh.  
15:30:04 Is composed of 17 members, representing  
15:30:14 Agencies listed. Okay? Oh, this is a big change that's that, she suggested.  
15:30:23 So what Glenn is suggesting here is saying read the message showing Mary's edits pull up that email with Mary's edits with the suggested introduction, and compare that to what you see on the screen and let me  
15:30:42 know which one you like better. Well, on the screen do you guys see my do you see, Mary's edits on the screen?  
15:30:51 So this is Drew, the interpreter, talking. I see a document that says Florida, coordinating council for deaf and hard of hearing 2023 by annual report page one introduction and it says the  
15:31:10 Florida coordinating council, for the deaf and hard of hearing is a resource for persons with hearing loss.

15:31:17 Blah blah blah that's what we see on the screen. You're you're right that is what you see.

15:31:23 So let me let me I I don't know how to share 2 things at the same time.

15:31:26 Just anybody. Why do you need to share marriage involvement emails? it's okay with me, which everyone do that?

15:31:39 Can we have them side by side? I don't know if you guys could show me how i'll do it.

15:31:45 We're not able to do side by side and be able to see it clearly.

15:31:49 You won't be able to do that Okay, is there a way to jump from one to the other.

15:31:55 Yeah, we can do that. Okay, I i'll jump back and forth.

15:32:00 That's what i'm doing I have this to zoom screen.

15:32:04 I have. Yeah, there you go. Okay, You can jump back and forth, great

15:32:16 And this is what track changes. So what we can do is accept change.

15:32:24 If we say yes, and Mary just got back, so Mary can read on our comments about her edit.

15:32:35 Well.

15:32:40 Yes.

15:32:45 Okay, so do we, Mary. If you want to go ahead and talk us through this

15:33:05 Hello, Mary!

15:33:12 We can't hear you from the show

15:33:24 Do you want zoom, Mary?

15:33:35 Mary, this is Karen. Can you unmute yourself on zoom and speak through zoom

15:33:52 Can you hear me on zoom there? You go Okay, i'm gonna hang up the telephone

15:34:18 Put up, you know, Mary.

15:34:40 Mary is muted on zoom, and needs to unmute.

15:34:45 If somebody can let her know that or wait, I can ask her to unmute.

15:34:52 No I can't

15:35:03 Angie, or whoever's the Administrator.

15:35:09 Can you ask Mary to unmute the Zoom, cause she was doing great there for a second Patrick here.

15:35:15 I just text her to unmute her computer. Thank you.

15:35:41 What's nice about mary's edits is that she has the original document sitting here, so it eliminates the need for me to have to bounce between 2 documents

15:36:02 So is it? Okay, what we're waiting on Well, we're waiting on Mary to come back Is it okay?

15:36:10 If I read it, go ahead. Okay, So in the introduction it's just okay.

15:36:16 It's a section, 4, 1, 3.2 7 one a Florida statutes, establishes the Florida coordinating council for the death and heart of hearing Parentheses, F Cc.

15:36:29 Dh. in parentheses, and assigns it to the Department of Health.

15:36:35 Parentheses do. H. in parentheses.

15:36:39 Fcc. Dhh. is composed of 17 members Who's representation is delineated in Statute Fcc.

15:36:48 Dhh. is a resource for persons to with hearing loss who need to overcome the challenges of everyday life in areas such as education, employment, healthcare, legal public safety and emergencies, communication technology, and services in other areas via

15:37:10 communication, access, and accommodations. I love that sentence.

15:37:16 I think it just this report. The only thing I would change here would be in the clarified that this is the biennial report.

15:37:28 Can I add

15:37:34 I guess I can't hold on 1Â s i'm gonna see if I can edit.

15:37:38 Okay, editing. let's see if it'll let me edit without you know anything bad happening.

15:37:46 Hold on. Okay, Alright, Whoops and then they stop sharing I'm gonna go back.

15:37:54 It did that the last time. Alright, now It's allowing me to come back in.

15:38:01 This is mary's Edits we lost the blue as soon as I said, enable editing for me to type something now a dread, I guess cause I'm not married and i'm adding something the only thing I would

15:38:22 add, and you guys can agree on that. Agree is just put down this by any old report.

15:38:29 Hi Lights healthcare public safety over the counter.

15:38:36 Hearing aids and senior citizen? Is it senior citizens, issues or senior citizen issues

15:38:45 I don't know that's I need a grammar geek to help me

15:38:54 Mary's having issues here, and everybody that's cause she has to maybe unmute, or she needs to listen through

Zoom.

15:39:04 Only, Mary, are you on the phone? Mayor? Mary is muted.

15:39:13 At this moment she was just

15:39:20 Call back in on the telephone cause I can't hear anyone speaking.

15:39:24 I think it's her speakers need to be turned on do you?

15:39:29 Yeah, because we can hear her perfectly. Mike is working unmute.

15:39:35 Okay, It's good to say don't mute Okay, So i'm gonna keep talking until she makes it to the phone or something by this biennial report. highlights healthcare.

15:39:49 We already did that. so I just don't know if it's senior citizens issues, and if it's senior citizens issues, and it should be apostrophe like

15:40:09 Issues

15:40:15 However, Fcc. Dhh. continues to address important concerns, such as hearing devices, equivalent education, legal system issues.

15:40:29 I would probably get rid of the Oh, should you give her to Bs access to technology and access to accommodation such as qualified sign language interpreters and captioning as needed for effective communication in all areas I

15:40:48 don't know that I would put. However, that last sentence I would probably switch those sentences if I had essay and then put the last sentence, Is this biennial report is going to address these issues or highlight these

15:41:06 issues

15:41:11 I like that suggestion. I like that suggestion. thumbs up from Glenna.

15:41:19 Okay alright, So sounds good alright, i'm i'm on it.

15:41:29 Hold on one teeny tiny little second there hold on cool see?

15:41:37 I'm not exiting out that thing yet. Now I am going to X out that sentence exactly removed it.

15:41:48 Alright, i'm gonna get rid of the However, I would just say, Fcc.

15:41:57 Dah addresses. I would just do? addresses how's that to everyone.

15:42:06 What do you all think? important information? The important concern such as but hearing aids and devices be reasonable, is, there's other thing

15:42:34 Good education legal systems ecosystem issues but now, with your access to and caption, there's 2 Ax.

15:42:57 Where's this? There are 2 ends okay access to technology, ?

15:43:14 And access to accommodation, such as followed by the pound or ash sign.

15:43:21 Okay, that's true okay, you see the first end and then you go down right right right?

15:43:30 Right. So perfect strike through it access to communications blah, blah, blah, and captioning as needed for effective communication in all areas.

15:43:45 This buying some report, highlights, healthcare, public safety, and over the county.

15:43:54 Hearing Aids and senior citizen issues move it along, moving moving along first paragraph down, folks.

15:44:02 Thank you, Mary. What a beautiful job on the edits! Yes, good job.

15:44:10 Listen, Thank you. wonderful fcc dhh benefits from authority of the statue which statue is that is that of George Washington.

15:44:21 I'm. messing with you statute right by authority of the statute to provide technical assistance, education, advocacy regarding the needs of deaf, hard of hearing and late deaf and persons benefits from the authority

15:44:38 good sentence. Okay. It depends on if you want this to be in first person or third person.

15:44:50 Okay, So it says we have listed our accomplishments in previous by any old report.

15:44:58 One of the things you can say, as each biennial report outlines the active activities and the accomplishments

15:45:12 I like that which one the each biennial report

15:45:19 Each biennial report in our previous each. Yes, okay, each by annual report

15:45:35 Oh, I wanna go! and how do you do this again? i've already forgotten?

15:45:38 How do you delete if I I just hit delete?

15:45:42 Okay, got it. Got it, I? So sometimes I forget how to do it.

15:45:46 You know each each biennial report outlines

15:45:57 The Councils activities and accomplish over the preceding 2 year period perfect.

15:46:18 Okay. great more choice. Now, what do we want to say for that next line?

15:46:30 So just since the last report, right since the last report. Okay.

15:46:44 Since the last report

15:46:52 I don't know if I capitalize the word Council or not, but the Council has that face to face quarterly.

15:47:00 That's even better quarterly meetings I don't know that in the past 2 years we've met face to face  
15:47:22 Yeah met face to face. We did yeah we did meet face to face for the past 2 years.  
15:47:35 I don't think so. Part of that was still Covid  
15:47:46 Well, we met, you know, as needed face to face, and virtually or virtually due to the pandemic quarterly at quarterly means my face space, or be, or virtually do, yeah, 4 quarterly meetings throughout different areas  
15:48:08 in the State.  
15:48:14 Are you already said in Florida? Oh, you already wrote it down there too.  
15:48:27 Okay, So then, you maybe you don't need that line that it that edit you don't need to say Florida, I guess maybe you don't okay  
15:48:39 The Council has met, or quarterly quarterly meetings  
15:48:59 Virtually during the pandemic in 2021 right, 2020, and 2021  
15:49:16 No, no, no, no, no, no, no, no, no, no!  
15:49:21 That was for 2020. That was the last report was just 2021.  
15:49:28 So that's you should list Yeah, there was nothing for 2020.  
15:49:38 Did we have any? 2021, and 22.  
15:49:43 This is i'm just saying for the virtual When did the virtual meeting happen  
15:49:51 Yeah, 2021 and 2022.  
15:49:55 Both were virtual. Both meetings were virtual.  
15:50:07 Yeah, because in 2020 there was that was a we can't talk about 2020.  
15:50:14 Will. The last report, 2 years ago, would have been 2021.  
15:50:18 If that makes sense, it does so let's say after February 21.  
15:50:25 Did we actually meet in Tallahassee in 21 February 21?  
15:50:29 The answers. No, that that was virtual  
15:50:43 Hey? This is John yes, I would like to and in 2,022 we did not meet in person, either in Tallahassee. either.  
15:51:07 One of those meetings were they were all virtual.  
15:51:10 Good night, and face to face starting in, then face to face  
15:51:22 In 2022  
15:51:27 Yes.  
15:51:42 This is the interpreter. I hear someone trying to speak but it's really gonna get it.  
15:51:49 I'm getting it's, sean so sean is saying that we met virtually in May of 2,021 August of 2,021.  
15:51:56 And then in November we met in person November 2021.  
15:52:03 Where do we meet in person? That was the same Augustine alright, Thanks.  
15:52:11 Correct. that is, And I said, Yes, that is correct.  
15:52:14 We met in sign on this thing, hey? This is John, I mean.  
15:52:18 Can I make a suggestion that we just dump any language about the difference between virtually and face to face?  
15:52:25 And just say that then we met Quarterly, and then in a second sentence, we can to list the areas in, or maybe after a comma, including in Saint Augustine Fort Myers, in Orlando, and then just leave the last  
15:52:39 sentence: during 2122 at the Council met the online conferencing as needed  
15:52:52 Just a suggestion  
15:53:06 Yeah. true. Okay, let me say  
15:53:20 Oh, i'm sorry. During 2021 the council met via online.  
15:53:25 Yeah, as needed You're right. Leave it alone including sales from my Orlando.  
15:53:33 Get rid of the in Florida, because to distinguish it from the Georgia Orlando, Georgia.  
15:53:41 Exactly I don't know if I like to maximize outreach.  
15:53:54 I would just say including such areas, such areas as I would get rid of to maximize outreach, because I don't think i'd add anything.  
15:54:08 Can I get rid of that i'm fine with that  
15:54:18 Well, I mean the whole reason for the meeting, you know, and and go into those different areas.  
15:54:24 Westminster. the outreach to get people to come which is kind of what it's worded that way.  
15:54:31 So let me see  
15:54:40 Hold on a second  
15:54:46 What's up to you guys i'm really fine with with ever, however, I want to write it  
15:55:03 Well.

15:55:07 When you put it maximize about the State, including such a maximize, local statewide participation.  
15:55:19 Thank you, or maximize local participation local. Say it again.  
15:55:26 I like that  
15:55:32 The mine. No come Populations participation. Okay, So maximize local public participation  
15:56:05 And drew. i'm sorry Yeah, just had glenn pulled up the whole time.  
15:56:09 Are you? Did you take over awesome No the problem is I can't pin more than one person?  
15:56:21 That's sort of  
15:56:22 That's what I would just say due to the pandemic.  
15:56:26 Some of the meetings were held virtually and public, was invited to all meetings.  
15:56:30 That's pretty much so. jennifer out i'll take up Okay, alright.  
15:56:37 What else did did this council do? This is Glenn.  
15:56:40 If we could take a time out for a moment here's a question here will the Governor?  
15:56:47 Yes, Governor, or the Government allow us to mention the pandemic, even because it seems that that's almost forbidden language, and we are not supposed to talk about things related to the pandemic It could be a little  
15:57:07 sticky, it could be a little sticky so are we allowed to say, Yes, the pandemic was But no, we're just stating what was true that we're just stating a fact due to the pandemic some of the  
15:57:17 meetings were held virtually, and public was invited to all meetings, so I don't.  
15:57:22 I think there were a lot of things that were held virtually we were.  
15:57:26 We're not making a political statement we're saying that that was a reality, and some of the meetings were held that way.  
15:57:32 Otherwise meetings are held in person. so I I think we don't go much more into it.  
15:57:38 Okay, cause we don't normally hold meetings online conferencing.  
15:57:44 Otherwise  
15:57:50 It's kind of my Why, you think that maybe we don't need to mention the pandemic because in that sentence the last sentence that you guys can crossed out during the 2,02120  
15:58:00 22 the Council met Via online conferencing as needed.  
15:58:04 Everybody knows what we're talking about what I would do is get rid of the due to the pandemic, and instead go with the second sentence, and then at the end of after as needed. Say, you know the during the 2021  
15:58:24 22. The Council met the online company as needed with public participation.  
15:58:31 As usual, or so. You know what I mean I would just say some of the meetings will help virtually in public was invited to all meetings.  
15:58:40 That's a good point that's fine too, so at routinely outside of a major disaster.  
15:58:50 We would not have met, you know, virtually  
15:58:59 I know we have to tread lightly, but you know we also.  
15:59:04 There was a reason why we did that. okay here's our second point invited.  
15:59:11 The Council has invited guests to present on pertinent issues at all meetings, invited  
15:59:24 To pertinent issues, invited guests to present at meetings, at meetings, at the meetings department issues  
15:59:45 I like this this This is Glenn speaking here.  
15:59:51 I noticed, prior to that we had names of so different groups, deaf, hard of hearing, deaf, low vision, deaf, blind, etc.  
16:00:03 And I think we need to capitalize the names of those groups just to maintain consistently consistency through the d document.  
16:00:11 So if we could capitalize the names of those groups you're saying, i'm, noticing some inconsistency  
16:00:28 Well couple of things, cause we talk about the big d we're right?  
16:00:35 Well, i'm looking i'm looking at the first paragraph, and i'm seeing it twice I'm.  
16:00:41 Seeing one capitalized, and then one in lowercase so i'm saying, Let's make them either all capital or all lowercase.  
16:00:48 But it seems that folks want it capitalized and not all lowercase.  
16:00:54 I mean we can check on that. But I I noticed that  
16:01:02 Okay, do you?  
16:01:09 I am back in the first paragraph and i'm not seeing.  
16:01:17 Okay, but you're talking about here, then, yes, where it says Fcc.  
16:01:24 Dhh. Then there's a sentence then fcc Dh.  
16:01:32 Again

16:01:34 Is late in Big L, and a big D  
16:01:50 It's correct. Yes, Okay, and is it blind is capital D capital, B as well.  
16:01:58 And then same with hard at hearing capital age, but not of not the word of that's lowercase.  
16:02:10 Right. Okay, So invited guests to present at the meetings on pertinent issues, facing Florida's deaf part of hearing late deaf and deaf blind communities, This is John, is it possible, to substitute the  
16:02:23 word experts and exchange, and in and in exchange for guests  
16:02:31 I see what you're saying. Well, it was experts and community members wouldn't it.  
16:02:39 I would argue they're all experts no it depends on how you wanted to do it.  
16:02:46 That's fine right? I like that that sounds good alright published announcements, Man public and not all were experts.  
16:03:04 This is going to speak in community members, but not all were experts  
16:03:18 Expertise, guess with expertise  
16:03:29 Guess with expertise. Okay, is it people like that  
16:03:45 It even better. is That sound Okay, i'm not saying what they're an expertise in i'm assuming it's not in Barbie queuing  
16:04:02 Okay. Published announcements of all public meetings.  
16:04:08 Hold on! Hold on! Hold on, back up to the Look at that line  
16:04:20 What about it  
16:04:26 Good. How about we take? How about we take the words to present at the meetings?  
16:04:32 And we move back to the end of the sentence. So it says, invited guests with expertise on partner issues facing fuller step, hardware, and like deaf and depth line communities to present at the meetings  
16:04:46 How you all like that. It says my Internet connection is unstable.  
16:04:52 Does everybody still hear me? I can hear you turn Glenn.  
16:04:58 It says that's okay. Maybe my computer is just referencing the person typing is being unstable.  
16:05:05 But okay, ready for Third Bullet Point. Yes. published announcements.  
16:05:14 A public meetings and encouraged individuals share the thoughts, experiences, and concerns.  
16:05:26 Okay, I need a little word. Smithing  
16:05:32 The latch word face to base, or virtually  
16:05:40 I I would I would suggest we just get rid of in the sentence at concerns  
16:05:57 I like that. I want that to Yeah, either one  
16:06:10 I would say something along the Council has in accordance with statute accordance with statute published.  
16:06:21 I don't have to do this one published announcements I don't know what this says you know what i'm saying like that's in accordance with the statues that we've made it right  
16:06:38 published announcements to the public  
16:06:49 Andy and Sean. this is where y'all can word Smith, cause you'll tell me what you do.  
16:06:56 Oh, my hair's nodded  
16:07:05 Okay.  
16:07:12 I think it sounds alright. And what was the the bottom of this thing about end concerns  
16:07:23 My comment was just ended at concerns theory But I don't know if I mean you guys No, I agree with you.  
16:07:35 I think that's fine this is Mary just my love to do back space.  
16:07:41 There. can I speak, please? just make sure. Oh, okay, make sure that we are consistent, and unless we use we're using past tents.  
16:07:58 So maybe if you want, in accordance with the stack, you could say published.  
16:08:01 And that's men in accordance with statute so that it is uniform in the list the language  
16:08:14 Since last report the Council you're right should be capitalized council, as we're talking about right council, the Council has met the Council has invited the Council has published Okay, you're right in the accordance with statute public announcements  
16:08:38 public announcements i'm sorry karen I was gonna say, The the other thing is,  
16:08:48 Are we using counsel throughout? or are we using S. F. C. D.  
16:08:54 8 if we cause I think it's enter I think it can be either; and if it is either you probably should put it up here  
16:09:16 That makes sense. Okay.  
16:09:22 Okay, that way. they they you know there's one litter.  
16:09:25 Difference between Council and Fc. Dh. so it doesn't really matter right?  
16:09:32 I just think that it's kim be redundant by saying F Ccdh. that is so.

16:09:40 Now we've already established up with the first paragraph that we can.

16:09:42 We've decided we can use either so published in accordance with statute public announcements, public announcements of all meetings, F Cc. D.

16:09:56 H. meetings to encourage

16:10:05 To encourage.

16:10:12 Commit a community members to attend and share thoughts, experiences and concerns, thoughts

16:10:36 Change that from Yeah, you got that. okay yeah I've got the phone on, and I've got the this on.

16:10:46 And I guess Sean was saying something so published in accordance with statute public notices of all Fc.

16:10:54 Cdh. Meetings to encourage

16:11:04 I would still say I like the way it was written before to encourage them.

16:11:08 Members of the community to attend and share their thoughts, experiences, and concerns

16:11:22 Right? Yes, okay. members of the community community to attend and share their thoughts.

16:11:37 Experiences and concerns. Okay, since the last, by no report the Council has probably not.

16:11:48 I know we have that had and has

16:11:55 How about just get ever set up, get rid of the Am.

16:12:00 And make exhibit boots plural. So setup exhibit booths at certain statewide events related to people with hearing loss together more public comments.

16:12:11 So what do you want me to do? Here, set up

16:12:20 And then, yeah plural on the booth that's what I I would just say at several rather than at certain statewide community events. cool.

16:12:37 This is Cory instead of set up, Why not

16:12:47 Huh! I'm sorry I missed that say it again?

16:12:52 Why not host? instead of set up well, cause we weren't host sometimes we were participants.

16:13:00 We didn't host it like it wasn't an Fcc.

16:13:06 Dah Age Conference, host both. is that a common terminology that people yeah, we just have the booth.

16:13:17 I would just say set up exhibit boots I don't know that the legislature members are going to be like hosted.

16:13:24 How many events were there that A. Fcc. did, I would just say, set up the exhibit boots at several statewide community events to educate about. Fcc.

16:13:39 Dhh: and to get. I like the gathering thing to educate

16:14:00 Gather. Did you gather public comments? comments? Yeah.

16:14:12 Gather public comments. gather events catherine fence.

16:14:18 We didn't gather events, did we so say again.

16:14:25 Events has to go back to behind or after the word community.

16:14:29 Statewide community events to educate about the function. I know it was supposed to be somewhere.

16:14:39 Several statewide community events educate about the function of Fcc.

16:14:43 Or the role of Fcc. the role of Fcc. That sound better.

16:14:47 The role of Fccdh and to gather but additional public input.

16:14:57 Thank you. I really would like to get rid of the promote in.

16:15:03 There

16:15:10 This is Clona. Come out for a second

16:15:22 Just last Saturday. Yeah, I want to about a 1,000 deaf people at 10, and that was actually able to click with public comments

16:15:50 So I mean, I would say it was fairly successful, so we were able to educate as far as Fcc.

16:15:56 Dah goes I was explaining how this works.

16:16:02 So they were, you know, filling out paperwork, and that was really good that we got those comments and feedback from them.

16:16:09 Right. Okay, we're ready to do move to the next one Yes, Okay,

16:16:19 Since the last report the Council has provided resources and referrals to the public agencies to

16:16:35 Falls to the it's breaking up on public as well as with our advisory role something advisory we should do something

16:16:49 I would just say as as well as educating our legislature.

16:16:57 I know it wasn't just legislature you're specifically saying Government agencies.

16:17:06 Yeah. Which one

16:17:07 Yeah, which one that you want, i'm sorry provided you see what my cursor is, or can you okay, Okay, alright.

16:17:19 So since the last group, the Council has provided resources and referrals to the public, I think I would leave that as separate from the advisory role we have, I would almost have another bullet for the advisory role to the government

16:17:40 agency, cause that's a that's a big deal of what we do is education to different agencies and or an exchange of ideas with different agencies I think we wanna hear what they're doing

16:17:56 and that we have had what we're doing for the public is that we're hearing what they're saying fielding questions or pointing in directions of referrals or recommendations, But that really should be its own and

16:18:15 then I think the next one should be what we're doing to do with different agencies, and with a legislature.

16:18:25 Because provided resources referrals to the public kind of goes. with this last line of responding to very technical assistance.

16:18:33 Questions of public, because that's one of their public questions How do you want to write that

16:18:52 That this is Glenna

16:18:56 I don't understand how the last 2 bullet points would be different to me.

16:19:01 They pretty much are saying the same thing, or Maine pretty much the same.

16:19:08 Right. So one of the what what this this one that says per it's basically combined it's trying to look at the liais it's combining what we do with the public and then what we do with

16:19:21 go regent seeds and so it's kind of putting it all in one sentence right? we're linking it in a sentence.

16:19:29 So it's talking about the liaison role. Okay, right as we listen to the public, and we pass it on.

16:19:34 We give them information about going to? You know the cil, or what have you?

16:19:38 Okay, so we're talking about that but it's all in one sentence, and I think that's too much of one idea or multiple ideas in one sentence.

16:19:50 It's it's minimizes what we do and the potential of what we can do.

16:19:55 So really what we're talking about is we are a resource 4 members of the community.

16:20:04 And provide like we're we have I don't know i'm using the word resource too.

16:20:10 Many times we are resource for the public and we're resource for government agencies, kind of as a I don't know.

16:20:20 Tell me, Glenn, I see you thinking

16:20:26 I think the point of these 2 bullets are that we do help both the public and government agencies with information and resource referrals.

16:20:39 So to me it's almost the same thing and we could put them together.

16:20:44 We could put those 2 together into one basic idea about providing help while not providing direct service providing help with resources and referral and technical assistance.

16:20:57 That's what i'm saying I think that's both to the public and to government agencies, both

16:21:12 Can we stay into these? not just agencies? Because The reason why is that we might be working with one agency.

16:21:22 But we also are educating the legislature, or is that its own little bullet?

16:21:32 Why, I said Government intersection, we can say State instances

16:21:42 That's fine i'm fine with state and to state into these

16:21:50 Sir, the public and the state enters into say I can't even say the word.

16:22:00 If you can't say the word you can't write into these to ensure

16:22:09 Resources and for is available

16:22:26 Who the cat that's squished I like that too

16:22:52 What do you all think

16:22:59 You forgot late deaf in there I mean, I I was just trying to type it real fast.

16:23:04 Yeah, I could see it

16:23:20 How's that

16:23:24 This is Glenn. This is glenn speaking I'm concerned, it says support, because that makes it look like we provide direct service which we do not do.

16:23:37 I think it needs to say resources and Referral we don't provide direct support.

16:23:46 That's true. And so really needs to just reflect that we provide resources and referral.

16:23:54 Yeah, that's why I said, served as a liaison body both the public and state entities to ensure to ensure not support.

16:24:06 We resources would be good

16:24:26 Referrals should be there resources and referrals

16:24:38 Better.

16:24:44 Alright.

16:24:51 Here. just so i'm clear you're we're serving as a liaison body to the public right.

16:24:58 But because, you know, to public entities, public and state entities are the same.

16:25:09 2, all right, we could say to the public and state entities do. I have which leads me to the question.

16:25:14 If we are a liaison, we're kind of the middleman, sometimes so, the public and state entities

16:25:34 Is that how you make sense

16:25:38 Right that's the resources in referral part that we provide.

16:25:50 What is the referrals

16:25:50 Is that what you're asking? go and I said that's the resources and Referrals Glenn is saying we are the middle man between those in groups.

16:26:03 When someone gets in touch with us, we provide them information, resources and referrals and they follow up themselves.

16:26:13 So we are the liaison that We don't provide direct service that reflects our role.

16:26:19 You provide? How about that? just to provide

16:26:27 Information eliminate the word public, who to the eliminate that services, that liaison between public and state

16:26:50 Okay, is it between Bu public

16:27:01 And what's the word I want to say before state and Today's okay appropriate state entities I don't think you need to add anything is leave alone would be good to get rid of the word body though.

16:27:17 Alright, nobody wants my body got you God Alright, has served. So it is.

16:27:27 It is past tense, has served as a liaison between the public and something.

16:27:39 State entities. something it'd be something like

16:27:48 Like dating the better. I don't know if we want to say effective, cause. we're really not in the business to give you in effective resources. Is there such a thing as an inappropriate state entity would you like a

16:28:05 list an alphabetical order. by bye.

16:28:12 Okay, I what i'm trying to do is is say that We're not going to refer somebody who has a primary issue with deafness to this route, you know, agency for Cuba.

16:28:28 Pausing right like you want to kind of match it to what they're asking, Does that make sense?

16:28:33 So i'm trying to say maybe the the right word maybe

16:28:42 Clickable in today's apple this is glenn speaking maybe we could say appropriate.

16:28:54 I said appropriate, but everybody saying there's inappropriate ones.

16:29:01 Now I gotta define applicable state let me ask a question this way: Is there any state entity by virtue of what they do? that if we got someone who called and said they they i'm having a hard time, following looking

16:29:18 at 2 screens here

16:29:23 Just Glenn's comment Okay, Can We take out the last bullet?

16:29:29 Do we really need it now? I don't know that we need this red bullet?

16:29:32 But I would probably change it to putting the Department of Health. I would.

16:29:38 I'd take out the technical assistance I would say that we've got in there.

16:29:42 Everybody Okay, with that cause. already, several responding to their issues right?

16:29:54 Something about the Department of Health having the full time.

16:30:07 Coordinator

16:30:08 This is just going back up to the bullet.

16:30:12 It says that we serve desolation and looking I'm just wondering.

16:30:24 So the are we saying that we hmm

16:30:33 I wonder if it would be more direct to just say that we served as a resource for the public and very stating case, providing information. to address the needs of florida's.

16:30:53 I mean the liaison place. just kind of sounds like an active kind of row sort of I mean.

16:31:02 I personally like the word liaison, because I think that is what we do.

16:31:06 I get many calls from over the years from our doh Coordinator.

16:31:15 Asking about. We have a call from somebody who's looking for mental health services, or deaf or depth line individual.

16:31:23 I that you know i've I think that we are Liaison.

16:31:28 And then do we turn around

16:31:34 And then do do you turn around and contact that individual? No, I I may give the information back like when

it was Megan.

16:31:44 I will call Megan back and say or I would send cause it's not appropriate for me to call the community member back.

16:31:50 It's appropriate for me to go through our proper channel. So I would go and give like let's say I recall one time when it was Megan and I gave her a whole list of you know potential places and then

16:32:05 that area that the person could reach out to. And you know, I do think that we serve as liaison in many ways.

16:32:13 Glenn speaking right right

16:32:26 And then I think the last is my opinion. I think the last voice point really should be that

16:32:39 The council, but

16:32:46 Well, I don't know how do I put it in the same terms. Since the last report the Council has worked in collaboration.

16:32:55 I'm gonna type. Okay. collaboration with the Doh. pro coordinator, or F. C C D.

16:33:15 H. to ensure that something that we've done something what have we done

16:33:28 Here are you trying to turn and I'm sorry cause I you go in and out of?

16:33:32 Are you trying to turn that? Doh has a full time program?

16:33:34 Coordinator paragraph into a bullet right to make it a bullet point, so that in looks like something the Council has been doing actively with the DoH coordinator, because we don't want to lose our

16:33:52 coordinator ever because that's what facilitates I'm putting the word facilitates facilitates.

16:33:58 Okay, yeah. Something like that I think that last bullet point should be something the council's done actively with the DoH Coordinator, so that where we're able to effectively meet our needs I mean the needs of

16:34:20 the.

16:34:33 Cats anybody. My only thought, Karen is that for every year that we've done that for every year that we've had a full time program, coordinator, etc.

16:34:45 You know what I mean, and it doesn't seem to be like anything that's from this report.

16:34:49 Timeframe. but but at the same time I think it's really important, like you said that you know to the know that we have that we do this with Theoh and a someone who's employed do you think anything I would move that

16:35:02 little mini paragraph somewhere up top before the bullets.

16:35:07 I Gotcha. I I was just thinking that as well it like right here.

16:35:15 We're composed of 17 members. and then This is what we do here, and then maybe we have that bullet up there.

16:35:20 Not a bullet, but that blip about the full time.

16:35:24 Okay, and maybe our last bullet needs to be that we have met with the legislature.

16:35:31 Yeah. So let me. I'm gonna copy and paste this up to the very first paragraph, cause we have 17 members is a resource.

16:35:46 This is what we do

16:35:54 Dresses concerns as blah blah blah I think I'd put it here before the biennial report

16:36:07 What do you all think I'm gonna pop it in there y'all tell me what you think, and then maybe what we need to do is say this by annual report.

16:36:20 Maybe that line should go down here

16:36:28 Or maybe not. you'll have to tell me

16:36:39 I think that's

16:36:58 Do we want to change this sentence? Doh has a full-time program, coordinate, or do we want to say just started with a full-time program.

16:37:10 Coordinator serves as liaison between department of health and the job of, or you know, the role of the Fcc.

16:37:21 Dhh I think that's probably what we need to say don't you?

16:37:26 We don't need to say that they're answering phone calls

16:37:34 Anybody

16:37:40 About to strike through. Can I strike through that 180

16:37:48 Strikes. So yeah, Okay, Karen, before you mobile

16:37:58 I want let you know that the interpreters are available until 5.

16:38:04 Pm: Okay. Okay, So So we must have appointments, you know, like at 5.

16:38:13 So I won't be able to stay out spot okay and We were not imagining that we'll go this step this end up with, you know this you know.

16:38:26 So I don't know if that's a problem I don't know if you want to set up another one another okay, a full time.

16:38:43 You'll have to wait 8 days for the public notice, too, i'll be able to support with interpreters again with understanding.

16:38:55 Changes. can't be you know to fall in a you know chew last minute

16:39:08 Is that good?

16:39:21 I'm good with that I guess hopefully you know I was hoping to get through 2 pages because we have 4. but I understand we're almost done with 2 pages.

16:39:36 I'm just tweaking this one thing and bringing up to the first paragraph, Alright, so

16:39:49 And

16:40:11 Okay, alright.

16:40:17 Okay, Now we're gonna go back down to the last bullet point.

16:40:21 The last bullet point is what we want to say is that we have met with the legislature.

16:40:28 That's what i'm thinking

16:40:36 Yeah, this is gonna be a tough one to do. How do you?

16:40:41 So it looks like a bullet point maybe i'll just do it Here someone said something wrong, Chat

16:40:54 I saw that, too. but I wasn't able to read it the Fcc.

16:40:59 Dah, meeting with legislators, or did we do it through individual groups, etc.,

16:41:18 I I don't know

16:41:20 I I don't know we can't lobby so i'm trying to figure out exactly you know I and forgive me, guys.

16:41:28 I mean, I just might not be thinking of everything. but I mean, have we, as have we had meetings as Fc.

16:41:35 F. Ccdh. as the Council with legislators.

16:41:40 Where did we arrange those meetings through our various groups?

16:41:41 Because the lobbying issue. Well, we have what we do.

16:41:47 Each February is that we have a legislative subcommittee that meets with the legislature and provides them a copy of the biennial report, and gives them an update over the past

16:41:59 2 years, and yes, we did do that 2 years ago didn't we

16:42:07 This is Glenn speaking. The The report is actually mailed out to all the legislators individually.

16:42:16 Governors and just to the area judges individually.

16:42:24 Everybody gets an individual copy of a report about that is provided that we did We don't do like a We visit individuals, you know, and the legislators in their offices.

16:42:50 You know it depends on scheduling but sometimes it's 1, 2, 3 people at a time, right to inform them.

16:42:56 So it's like. provided the florida legislature with the biennial report, and been available to. and then what's in there? It's like if there's concerns or issues you know that they're

16:43:21 Okay, thanks. So we and the report kinda acts as a summary. and then we can go more into death and explain more in person.

16:43:32 It's kind of how that works how about made ourselves available not been available.

16:43:41 Okay, so provided the Florida Legislature.

16:43:46 The biennial report. Summary. Am I saying summary?

16:43:50 No, because the report access is a summary, but it is the report and

16:44:02 As met or just one of our roles has to been an advisory council to the legislature.

16:44:12 So i'm trying to work that into the sentence

16:44:17 Just why do I just say that, and as served as an advisory council to Legislature, Budgets legislature

16:44:36 We have we're repeating award florida legislature.

16:44:40 Yeah, i'm still too legislative Okay, provided the Florida Legislature with the binary report, and has served as an advisory council

16:44:56 To to what what it was our advisory council it's kind of redundant.

16:45:04 I'm just gonna say we did it to be done there.

16:45:09 Is it maybe? Can we just say that we advise the forward legislature on issues that are relevant to the the population?

16:45:22 Hold on. Hold that thought. Advise the Florida led Legislature on the what would you say Mary? on issues that are relevant to the relevant to the to Florida's Yeah.

16:45:42 To relevant to florida's death was it to the pipe.

16:45:48 Yeah, i'm just doing it real quick so we can see in there.

16:46:00 Get rid of the word. the

16:46:02 Get rid of the word the before issues capitalized Legislature.

16:46:08 Okay, thank you. and on issues that are pertinent or relevant, pertinent, Her ,

16:46:29 Okay, this is that's Okay, Florida legislature say Florida legislatures?

16:46:40 Tos I think when you're talking as a as a body is legislature.

16:46:47 You're talking about the different legislature Legislature the different Congress, or whatever you call it Senators.

16:47:00 Then it's plural but when you're talking about the we're an advisory council to the body the Florida legislature body is that right Well, I mean when you're face to face maybe not

16:47:18 but but when you're talking about senators and representatives right then that would be plural.

16:47:26 But I think we'd be talking about legislature It incorporates, senators, and representatives.

16:47:34 This is a it's a body the legislature body

16:47:41 What do you all think? good? Yes, no, yes, Can we do statistics before we in 13Â min?

16:47:54 No, no, i'm not asking you to actually do the stats I mean it's good.

16:48:05 Go this and that, and Glenn started to say, No major changes so.

16:48:15 But we we I think we did good. sounds and everything and you know, and it's supposed I don't know is up to you. Alright, get started, and then we don't pick up steam. Okay, So next time. you know what I mean right so we'll start at stats the next

16:48:37 time. When can be the next time? Is everybody available on Christmas Eve?

16:48:44 No, I think that you know I think that the I mean the most the given given days off that we've gotten everything.

16:48:54 The next available time. After waiting 8 days would be that Tuesday, Wednesday, and Thursday one of those 3 days between Christmas and New Years.

16:49:01 Otherwise we're gonna have to move into the new year what about the 20Â s, and the 20 third it's not enough days for notice Is it

16:49:14 So it would have to be the 20 seventh 28 or 29. you're right?

16:49:20 Yeah, the 20 Ninth That's what i'm looking at here, making the 2829 or the thirtieth Wednesday. Thursday for a day. 30.

16:49:31 It won't work because it's there's no state offices right? right, that's they're not working.

16:49:36 How about Is Tuesday A better day than you know?

16:49:42 Wednesday or Thursday, or what's a better day This is John.

16:49:47 I can make the time any time in those 3 days it's gonna be dead here, anyway.

16:49:51 Wednesday, Thursday. This is yeah. maybe Wednesday, the 20, eighth Angie and Sean.

16:50:04 Can you make that happen? Do you have enough time to do the notice

16:50:13 Nobody can hear you, Angie.

16:50:19 They won't be able to get the notice out until Monday Sorry about that.

16:50:27 Yeah, we can get the notice out. Yeah, have to get that notice out.

16:50:29 In Andrew on Monday at the latest you're looking at Wednesday the 28.

16:50:38 Yeah.

16:50:43 What time? 3 to 5, the 2828

16:50:58 8 8 days, right? Yeah, you need 8 days. So if I get it in on Monday in 19, So counting Monday, the nineteenth, so 8 days would be the 28.

16:51:11 So then it would have to be on the 20 ninth.

16:51:14 Shawn Are you there that's good question yeah I can hear you? hey?

16:51:22 With us being out on the 20 third Does that count for a day, or would that not count for a day's notice?

16:51:32 It's just days. it's not business days or anything like that.

16:51:39 Okay, so it's not business days I mean if you want to be on the safe side.

16:51:42 Do the 20 ninth. right Okay, that's true yeah, let's do the 20 ninth

16:51:58 I'm gay I think we're doing good I think we're really gonna go through the next 2 pages a little faster based on just the way they're written There's not a lot I mean it's part of what we've been doing

16:52:13 is grammar and rewarding things I don't know if there's going to be as much based on what I've read from the written the rest of it.

16:52:19 So maybe i'm an optimist, but I think that will go through it pretty quick.

16:52:24 The rest of it on the 20 ninth. I think so, too.

16:52:30 Before we go can I ask a question yes, go ahead It's still saying, Read only, but I don't want to lose what I have done.

16:52:41 How do I make sure? Do I hit save as Oh, you try it it won't disappear if it doesn't let you do it so Alright, there you go by a new report raft. Let me see.

16:53:01 Let me just let me get rid of the 10 okay and i'm gonna

16:53:11 Raft 12 point. what is today? 16 point, 2, 2.

16:53:16 I just wanted to make sure that we know that this is the draft for today.

16:53:21 Cool great. i'm gonna have to put it somewhere else cause i'll lose it if I put it there

16:53:35 Hey? I'm gonna put on desktop okay and then i'd leave it right.

16:53:38 I leave it just like that

16:53:44 Okay, Now I want to share it, and i'm gonna share it right now to make sure you go, guys get it.

16:53:53 But I think I have to share it to Angie and Shaun.

16:53:58 Only right, yeah, and i'm okay. Why, Why, it's like it doesn't even

16:54:12 How do I do this, Sean Isaac? Yes, is I s Aac at what fl.

16:54:23 Help. Gov: And now how do I? there you are!

16:54:29 And now have us now, and you do the same thing.

16:54:32 How do I do that, Angela? no, in I mean no e at the end.

16:54:38 Yep just like that at F. o help go searching okay I'm gonna do that.

16:54:48 Now i'm gonna send it to you okay, and just let me know that you got it.

16:54:52 Okay, and if figure it out alright, and then everybody will have the most up-to-date one.

16:55:01 Okay, what is you guys are are the best. You guys just the best.

16:55:11 And do you got it Not yet. exc excuse me i'll let you know when it comes through.

16:55:20 Alright, i'm not gonna leave it open until I get from you.

16:55:25 Okay, So I don't lose it I I have a fear of computers that I know.

16:55:29 I hear you, anyway, but I think I understand as well.

16:55:38 So and I don't even know what emails coming from? Is it coming from?

16:55:43 Icloud, Does it come from? Kg: Doc Gmail?

16:55:48 I I never understand this. let me see

16:55:59 Alright press. See Where did I send it it's a probably a big file, So I imagine it's gonna take a minute to get here.

16:56:09 What's the sense so that's the first one i've ever seen those words before.

16:56:18 But i've tried. to do this so i'm gonna stop sharing Just I could see everybody's face before we for the rest of the day.

16:56:28 But thank you all so much. Yeah, Thanks, everybody, for being here. Yup: Thank you.

16:56:36 Interpreters.

16:56:42 Okay, And you just let me know over the weekend.

16:56:46 If you got it, I will let you know soon. as I get it i'll send you a message. I think.

16:56:51 Otherwise we're ready to shut things down go ahead. his left conference, when we have a next meeting, what we know will try to work with much staff to see if we have availability. Might Wanna schedule an additional war you know

16:57:14 John. we came in with like, John was saying you know I can't imagine that we take longer than 2Â h.

16:57:24 But today we came in with the the idea that we're gonna fly food.

16:57:30 So I would orange 3Â h instead. but to you just let me know a little advanced gig, and time and I have to try to work in the schedule See? who's available.

16:57:46 That's this is glenn it's a good idea to have 3Â h, because we wasted about the first 30Â min or so.

16:57:56 Just accommodating technology, maybe up to 40 a half hour to 45Â min.

16:58:00 So it's good to have that additional time for example we could meet from 3 to 6, and have that built in time for any technological issues.

16:58:10 I think we learned a lesson here about technology. However, I did want to say, Thank you so much to our really fantastic, awesome participants here on the call, good job.

16:58:24 Everyone, and I feel that we'll be able to complete this in the next meeting.

16:58:28 The rest of it really will not require a lot of heavy edits.

16:58:33 Fingers crossed. There is one thing left with this the picture you need to look for a picture to include.

16:58:44 That's your homework. find a picture. Okay, I want to thank everyone. And with that I will say, goodbye. Okay, I'm gonna stop recording, everybody thanks to interpreters.

16:58:55 Thanks to Av. thanks to everybody who participated. Thank you so much.
