

Announcement of Amendment to the FY 2018-2019 Funding Opportunity Announcement (FOA) for the James and Esther King Biomedical Research Program

The deadlines for the Letter of Intent and the Application WILL NOT be extended as a result of this amendment. All deadlines listed in the Schedule of Important Dates found in Table 1. in the FOA remain unchanged.

The purpose of this announcement is to correct an error in the FY 2018-2019 James and Esther King FOA. The current FOA states on page 11 that

All researchers conducting behavioral health research involving tobacco cessation and control must include a letter of support from the Tobacco Free Florida Program (<http://www.tobaccofreeflorida.com/>) in their application. Please contact Brenda Roessler at Brenda.Roessler@flhealth.gov to request a letter of support. Letter of support requests must be submitted to the Tobacco Free Florida Program no later than August 28, 2017.

This amendment revises the highlighted portion to read as follows:

Please contact Jane Parker at Jane.Parker@flhealth.gov to request a letter of support. Letter of support requests must be submitted to the Tobacco Free Florida Program no later than September 17, 2018.
