

Announcement of Amendment to the FY 2019-2020 James and Esther King Biomedical Research Program Funding Opportunity Announcement (FOA)

The deadlines for the Letter of Intent and the Application WILL NOT be extended as a result of this amendment. All deadlines listed in the Schedule of Important Dates found in Table 1. in the FOAs remain unchanged.

The purpose of this amendment is to provide clarification of the maximum amount applicants may request for the Discovery Science mechanism.

The current FOA contains the following table:

Grant Mechanism	Max Amount (including direct and indirect costs)	Max Duration
Discovery Science	\$900,000	3 years
High-Risk, High-Reward Discovery Science	\$300,000	3 years
Research Infrastructure	\$1,500,000	3 years
Clinical Research	\$1,500,000	5 years
High-Risk, High-Reward Clinical Research	\$750,000	5 years
Bridge	\$100,000	6 months

This amendment updates the highlighted figure in the table above to **\$750,000**.
