## Conflict of Interest Attestation

IRB Members were asked if there were any conflicts of interest and, if so, to recuse themselves from the meeting, or from voting on the applicable study.

## Business Items

The following business items were discussed during the IRB Committee Meeting.

1. Introductions
2. Committee combination into one – all members are now on IRB 1. The two chairs are still the same.
3. Training – we are working on creating training for members. Please reach out if there is a specific topic you would like included that was not mentioned on the IRB member survey.
4. CITI certifications – please review certifications and make sure they are up to date. If renewal is needed, please send completed certification to Victoria Creel.
5. Outstanding reviews – Victoria Creel will send out an email to all committee members with the list of their assigned outstanding reviews.
6. Next meeting date – Victoria Creel will send out a survey to committee members to pick a date.

## Submissions for Convened Board Review

<b>Protocol Title:</b>	MWCCS – MULTICENTER AIDS COHORT STUDY (MACS)/WOMEN'S INTERAGENCY HIV STUDY (WIHS) COMBINED COHORT STUDY (2025-002)					
<b>Submission:</b>	<b>Principal Investigator:</b>			<b>Presenters:</b>		
Initial	Maria Alcaide			Prince Danso-Odei Sandra Schoenfisch		
<b>Effective Date of Approval:</b>	Contingent Approval on 9/15/2025					
<b>Approval Period:</b>	Dependent on satisfaction of contingencies 12 months					
<b>Level of Risk:</b>	Greater than minimal risk					
<b>Funding Source, if applicable:</b>	NIH					
<b>Grant Name, if applicable:</b>						
<b>IND or IDE, if applicable:</b>	N/A					
<b>Documents Reviewed and Notes:</b>	<p>Experienced researchers conducting study. Written informed consent is in multiple languages, data security is robust, and participant protections are in place. The study is scientifically rigorous, ethically sound, and appropriately protective of participants.</p> <p>The questions below in the Controverted issues section will be sent to the researchers and the board moved to approve contingently. Motion for contingent approval made by Dr. Schoenfisch, seconded by Dr. Cooksey, all members present (7 members) voted 'aye'. No abstentions or substitutions.</p>					
<b>Controverted Issues, if applicable:</b>	<p>-Does Creole need to be part of the consent languages? Ask the researchers if Creole needs to be a language option for the consent forms.</p> <p>-What measures are researchers putting in place for the more than minimal risk? Researchers have consultants on hand in case the participant becomes uncomfortable with the questionnaire. Counselors are also on standby. For use of albuterol, we will ask how they are dealing with the informed consent regarding that. What emergency measures are in place in the event someone has an adverse reaction to the albuterol?</p>
