The annual license fee or license renewal fee is \$150.00. When applying for an initial license or reactivation of an expired license at the beginning of the licensing period or for renewal, the full fee shall be paid. All other applicants, whether for initial licensure or reactivation of an expired license, shall pay a prorated fee based on the number of quarters left until September 30. Permits expire September 30 of each year. Fees must be received by the department within 30 days after receipt of written notification from the department that a fee is due.
