NOTICE

DATE: October 28, 2026

TO: Radiation Producing Machine Registrants per Chapter 404, Florida Statutes, and Chapter 64E-5, Florida Administrative Code

FROM: Lisa Gavathas, Interim Bureau Chief
Bureau of Radiation Control

SUBJECT: Expiration of Radiation Machine Registrations on October 28, 2026

INFORMATION ONLY

The Radiation Machine Registration Section has received questions regarding the payment of annual registration fees for certificates expiring on **October 28, 2026**, and the requirement to post updated certificates with an expiration date of **October 28, 2027.**

Please be advised:

- Registrants who submit their renewal payment with a **postmark date on or before October 28, 2026**, will be considered in compliance with the annual registration fee requirements outlined in **Chapter 404, Florida Statutes, and Chapter 64E-5, Florida Administrative Code.**
- For these registrants, the absence of a current (2025–2026) registration certificate **will not be considered a violation** between **October 29, 2026, and December 31, 2026**.
- During this period, registrants must post their 2025–2026 certificate alongside a copy of this notice until the new certificate is received.

Important: If you have not yet mailed your payment, you may submit it online at xray.floridahealth.gov.
